SCREEN ANGLES

The views below show the approximate maximum swivel angles achievable for varying screen sizes.

NOTE: The maximum swivel angle achievable is 50° regardless of screen size

PS55

PULL & SWIVEL MANUAL WALL MOUNT

CABLE ROUTING & SOCKET PLACEMENT

Route the screen cables as shown ensuring sufficient slack at moving points and secure in place using the integrated cable tie points.

Wall sockets should be ideally placed as shown outside of the bracket footprint to maximise space for cable routing

PULL & SWIVEL MANUAL WALL MOUNT

MOUNTING DIMENSIONS

Wall Plate

Make sure the wall that the bracket is being mounted to is secure and strong enough to support the bracket and screen.

Stud Rail Kit

The Stud Rail Kit is an optional addition that allows the PS55 to be easily installed on a stud wall and allows for the lateral position of the mount to be adjusted if desired. The Stud rail Kit can be purchased separately under the code PS-SRK.

Uprights hidden for clarity.

WALL BOX OPTIONS

The PS55 can be installed in each of the wall boxes shown below for an ultra slim installation, whilst still providing space for additional accessories such as HDMI baluns, Apple TV, Samsung One Connect etc. See corresponding technical sheet for more information.

- Each wall box comes complete with:
- PS bracket mount rails
 - Set of 2 accessory clamp brackets
 - Set of trim strips
 - WattBox mounting kit
